## Approval of Meeting Record

## Introductions & Reminders: Collaboration Scale
All in attendance made introductions.

## Organization Updates
- CHW-FV needs Grand Rounds Speakers. Referrals welcome.
- “Understanding Autism Spectrum Disorders for Effective Educational Programming: Practical Strategies for Instruction and Behavior Management” with Susan Stokes, M.A. CCC-SLP. June 18th & 19th, 8am-4pm, Greendale High School. ASSEW for more info.
- “Lose the Training Wheels” Two 1 week long sessions in July to teach kids with special needs how to ride their bikes! Volunteers needed. Contact ASSEW for more info.
- June 24 & 25 Volunteers are needed for intercity outreaches & training. Contact Mary Stone for Details.
- Sept. 13 is Dylan’s Run at the summerfest grounds. See www.dylansrun.com for more details.
- CHW will be offering training classes for law enforcement officers in Mequon and Walworth. No charge for program. See Joel Lashley for more information.
- “Care in the Community” will be covering care for the caregiver. Sept. 23rd 8am – 4:30pm at the Radisson. See Meg
### Community Resource Mapping: VISIONING

- July 28th at the Crowne Plaza. Training for Physicians and other health care providers. Speakers Dr. Mala Mather and Chris Breunig. See Kirsten Cooper for details.
- Community Training –“Learn the Signs. Act Early. Autism Spectrum Disorders and Other Developmental Concerns” August 29th at MCFI. See Kirsten Cooper for more information.
- “Community of Practice on ASD” – August 13th in Madison

- Visioning is the first step of the 6 step process of Resource Mapping (Visioning, Gathering, Sifting, Adding, Filling, Recommending).
- Activity: What would Families/Providers/Educators/Wisconsin experience if the perfect Autism resource system was in place? Each member was asked to write down their own visions at each level.
- There were some common themes: less anxiety for people, appropriate & timely service, well trained individuals in every area of society including law enforcement, day cares, educators, physicians.
- A more complete recap is to follow.
- All ideas were used to comprise one (working) vision statement: The vision of the Southeast Core Autism Team is to be an inclusive and supportive network of partners who will work to identify current information and quality services available to families affected by ASD and to improve accessibility to these resources.

### Community Resource Mapping: GATHERING

- Refer to resources in binder under “Gathering” tab. Included are the following: 2009 ASSEW Resource Directory, WI First Step, and ASW Directory.
- In preparation for our next meeting as the Southeast Core Team
please review the resource guides in your binder and answer the following questions. Please send your answers to Kirsten at KCooper@chw.org by _____________ {three weeks before the next mtg}. We will compile the answers and discuss them at our next Core Team Meeting. Thank you.

- What are the best resources for this region? Feel free to focus on a specific age. We would like to pull out the strengths of the Southeast Region in the area of ASD/DD.

- Where are the access points where people enter into a system of care surrounding ASD/DD?

- How do people learn about these access points?

- What resources do you know about that are not captured in the resource guides you were given?
