- Knowledge of the head and neck anatomy, and interest in development.
- Basic experience in computer programming.

Job Summary:
The Waisman Center is dedicated to the advancement of knowledge about human development, developmental disabilities, and neurodegenerative diseases throughout the lifespan. One of only 15 centers of its kind in the United States, the Waisman Center encompasses laboratories for biomedical and behavioral research, a brain imaging center, and a clinical biomanufacturing facility for the production of pharmaceuticals for early stage human clinical trials. In addition to its research efforts, the Center provides an array of services to people with developmental disabilities, offers numerous educational and outreach programs to young children and their families, and trains scientists and clinicians who will serve our nation in the future.

The Vocal Tract Development Lab at the Waisman Center is seeking a Research Specialist who will actively participate in research on the macroanatomic development of the vocal tract structures using medical imaging studies (MRI and CT). The ultimate goal of this research is to relate the development of the vocal tract anatomy to speech development, i.e. to establish the
biologic basis of speech development, production and its disorders. For more information, visit the lab’s website: http://www.waisman.wisc.edu/vocal/

For a complete list of duties and qualifications please see: http://www.ohr.wisc.edu/Weblisting/External/PVLSummaryApply.aspx?pvl_num=87031

We offer an excellent benefits package as well as a competitive salary based on qualifications.

How to Apply:
In order to apply, applications must be submitted online at:
https://uwjobapply.wisc.edu/Apply.aspx?pvl=87031 To apply, please upload your resume and cover letter addressed to Houri K. Vorperian, PhD highlighting your qualifications for this position. For more information regarding the VT Lab please visit:
http://www.waisman.wisc.edu/vocal/

Questions about the position can be directed to Melissa Henning at 608-890-1388 or melissa.henning@wisc.edu

To ensure consideration, applications must be received by August 4, 2016.
