Person Centered Plan
(tune of Winter Wonderland, lyrics P. Leidy)

Here we are, and we’re listenin’
Colored markers are glistenin’
A beautiful sight, the future is bright
Walkin’ through a person centered plan

Got a good facilitator
And we’re like a percolator
Dreaming away, beginning today
Walkin’ through a person centered plan

In the circle we can build a future
And create a dream that never ends
Imagining all the possibilities
Here among family and friends

After this interaction
We’ll begin taking action
On the plans we laid and promises made
Walkin’ through a person centered plan
Walkin’ through a person centered plan
Walkin’ through a person centered plan
