To join our interactive list-serv, send a blank e-mail to: Madison_Partners-subscribe@yahoogroups.com

MPIE is a grassroots organization dedicated to creating partnerships with the primary goals of improving communication, sharing knowledge and resources, and providing leadership to ensure quality educational outcomes for all students. We are an informal network of families and providers. Our website www.madisonpartnersforinclusion.ning.com is regularly updated with an event calendar, member photos, and a newsletter from Madison’s Director of Educational Services. It is a place for families and providers to share resources and engage in discussions about quality educational practices. Our list-serv is a separate tool that currently has more than 250 members. It also is a great place to ask questions and get ideas.
